DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 12, 24-31, 34, 35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 12, "said engagement means" lacks proper structural support, it appears that the instant claim should depend from claim 11.

Claim 24, the language, "the first and second radial outlets" is inconsistent with the previously defined element "a plurality of first outlet ports"; "the casing", "the releasing pressure" lack proper antecedent support.

Claim 25, "the first and second outlets" is indefinite.

Claim 29, " a second ball seat" is indefinite, as there is not other ball seat previously defined.

Claim 31 is indefinite as claim 1 is not a method claim.

Claim 34, the language "a plurality of part cylindrical sleeves" is confusing as it is not clear what defines the "part cylindrical sleeve".

Claim 35, the language "a second sleeve moves thereover" is not understood.

Allowable Subject Matter

Claims 1-11, 13-23, 32, 33, and 36-42 are allowed.

Claim 12 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claims 24-31, 34, 35 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
